These changes will be effective with a contract date on or after **September 25, 2026**. The contract effective date is the date the contract has been deemed in good order and all funds received. While we cannot reissue contracts, any pending business will receive the new rates if the contract date is on or after the rate change effective date.

Revised materials will be available on the Forms and Materials page beginning **September 25, 2026**. Be sure to use up-to-date materials when offering Athene annuities. You may experience slight processing delays on any print orders in the days before or after a rate change effective date.
